

# Zymo phytase<sup>+</sup>

“A solution for Phytic acid”

- ★ **Zymo phytase+** supplemented with microbial phytase result in improved growth performance, reduces phosphorus waste and increased digestibility in birds
- ★ **Zymo phytase+** make availability of phytate bound phosphorus, calcium, zinc and copper and helps in minerals absorption of birds
- ★ **Zymo phytase+** supplementation increase ileal digestibility of crude protein and amino acids
- ★ Supplementation of **Zymo phytase+** increases gain in body weight, feed intake, feed efficiency and overall growth performance in broiler chickens
- ★ **Zymo phytase+** along with feed ingredients improves the growth performance and retention of P, Ca, & Cu when fed in poultry

## PRODUCT SPECIFICATION

Temperature	: 20°C - 60°C Storage
Biodegradability	: 1 Year
pH optima	: 4 - 7
MRP	: Ask for quote
Dosage	: 75g-100g/ ton of feed, As prescribed by Doctors and nutritionist

## COMPOSITION

**Zymo phytase<sup>+</sup>** contains 5000-6000 IU/Gram of phytase activity with antioxidants

Packing availability : 1  
0 KG, 25 KG/BOPP bags

**STS** Biotech Pvt.Ltd.,

Address : D-46 & 47, Metagalli Industrial Estate, Metagalli, Mysore.
