

# ZYMOCOMPLAN

"Poultry feed supplementary enzyme"

- ⇒ **ZYMOCOMPLAN** is poultry feed supplementary enzyme associated with probiotics
- ⇒ Supplementation of a **ZYMOCOMPLAN** increases growth performance and nutrient utilization of broilers fed in maize-soybean-rapeseed-cotton mixed diets (MSRC)
- ⇒ **ZYMOCOMPLAN** enzyme blends have been assessed in broiler diets which contain high levels of soluble NSP convert in to simple sugars and proteins in birds
- ⇒ **ZYMOCOMPLAN** improve nutrients digestibility and birds growth performance, along with increase in energy among birds
- ⇒ **ZYMOCOMPLAN** provides minerals availability to broilers and layers with better feed conversion ratio

## PRODUCT SPECIFICATION

Temperature	: 20°C - 60°C
Biodegradability	: 1 Year
pH optima	: 4 - 7
Packing	: 10kg, 25kg poly bag
MRP	: Ask for quote
Dosage	: 500g /ton

As prescribed by doctors  
and nutritionist

**Packing availability**  
10 KG, 25 KG/HDPE bags  
and HDPE Drums

# ZYMOCOMPLAN

"Poultry feed supplementary enzyme"

## Composition

ENZYMES IN ZYME COMPLAN	PROBIOTICS IN ZYME COMPLAN
<b>Amylases - 500 IU</b>	<i>Saccharomyces cerevisiae</i>
<b>β -Glucanase - 2000 IU</b>	<i>Sacchromyces boulardii</i>
<b>Cellulases -100 IU</b>	<i>Bacillus subtilis</i>
<b>Hemicellulases -100000 U</b>	<i>Lactobacillus acidophilus</i>
<b>Lipase-1000 U</b>	<i>Lactobacillus casei</i>
<b>Pectinases -2000 U</b>	<i>Lacto bacillus</i>
<b>Proteases-3000 HUT</b>	<i>Lactobacillus bulgarics</i>
<b>Phytase -200 IU</b>	<i>Spirulina</i>
<b>Xylanase -500 IU</b>	<i>Streptococcus lactis</i>
<b>Mannanaase-30 IU</b>	<i>Bifidobacterium lactis spores</i>
<b>ALPHA-Galactosidases -30 IU</b>	<i>Pediococcus species</i>
<b>Amyloglucosidases -6000 IU</b>	<i>Bacillus licheniformis</i>

*Zyme Complan is an animal feed supplement, not a medicine and not for human use*

### Benefits

- Improves health, more body weight
- Improves feed consumption, better FCR
- Increase energy and protein availability
- Increase profit by faster growth
- Flexibility in feed ratio, low cost formulation

Dosage : 400-500g/ton, As prescribed by Doctors and nutritionist

Packing : 10kg, 25kg poly bag and HDPE Drums
